Mark, I assume that David has sent this to you, and I don't think that you would be the contact person, but is the ICP down there getting geared up to answer any questions? I don't know how we will be getting NM residents information. I'm just working on trying to get info to our guy out in Navajo.

FYSA

David,

Our offices are getting inundated with calls from constituents wanting to know where to call to get answers to their questions regarding the Animas. Many do not have internet and want to talk with a live person, the Colorado number is not addressing New Mexico constituent concerns and we need a New Mexico centric number to call and speak to someone. Can you provide me with a point person for them and a number they can call. I don't want to be miss informing people where to go but I do want to get their concerns addressed. Thank you for your quick response to this.
